

Transmission Weekends at the Europe Center

When creating the EC program we had the idea that essentially the EC should be the center of transmission where people would come to inspire each other, motivate and inform of how Dharma and our centers around the world function and have functioned in the past. And that is why we have been organizing the weekends where we invite experienced teachers and friends to share not only Dharma and common practices but also their experiences from times when the rest of us had not yet been in our centers.

3rd Transmission Weekend

How to build and live in the center

Nov 28 to Nov 29 (all day) This time different centers from around the world have been invited to share their experiences and knowledge they have gained during the last 30 years by building and living in the first Diamond Way centers in the West.

4th Transmission Weekend

The 16th Karmapa

Jan 30 to Jan 31 (all day) During this weekend lucky friends and traveling teachers who met the 16th Karmapa will share their memories of meeting him with us.

5th Transmission Weekend

Lopon Tsechu Rinpoche

May 1 to May 2 (all day) This transmission weekend will take us back to the years when Lopon Tsechu Rinpoche was giving teachings, initiations and building stupas in almost every corner of the world. Very close friends and traveling teachers will come together and tell stories to help us understand how great Rinpoche was, and why he is still in our hearts.
