TRANSMISSION WEEKEND 7-9 OCT 2011

Whether you do the 16th Karmapa meditation, one of the Four foundational practices or another of the precious Diamond Way methods, you will find this weekend interesting. Manfred Seegers, Kerstin Seifert (and others to be confirmed) will share their knowledge of the importance of the teacher-student relationship and our precious transmission lineage, including the oral transmission of the Karma Kagyu teachings from Tilopa until today.
